A walkie talkie is a two-way radio, which means that unlike a normal radio, it can both send and receive information. As the same channel is used for both functions, this means only one person can talk at a time. In order to avoid the possibility of interference from other two-way radio users, most modern systems allow use on multiple channels.

There are five key active listening techniques you can use to help you become a more effective listener: 1. Pay Attention. Give the speaker your undivided attention, and acknowledge the message. Recognize that non-verbal communication also "speaks" loudly. Look at the speaker directly. Put aside distracting thoughts. Don't mentally prepare a rebuttal!

Active Listening: Hear What People are Really Saying

Communication is intended to be a two way street. Don't just talk because you are the leader without listening to anyone else. Encourage them to open up so you can be well guided when communicating in the future with them. You have two ears and one mouth –so you must listen more than you speak. 10. Use Body Language
