Trillion Dollar Triage

How Jay Powell and the Fed Battled a President and a Pandemic---and Prevented Economic Disaster *Little, Brown*

The inside story, told with “insight, perspective, and stellar reporting,” of how an unassuming civil servant created trillions of dollars from thin air, combatted a public health crisis, and saved the American economy from a second Great Depression (Alan S. Blinder, former Vice Chair of the Federal Reserve). By February 2020, the U.S. economic expansion had become the longest on record. Unemployment was plumbing half-century lows. Stock markets soared to new highs. One month later, the public health battle against a deadly virus had pushed the economy into the equivalent of a medically induced coma. America’s workplaces—offices, shops, malls, and factories—shuttered. Many of the nation’s largest employers and tens of thousands of small businesses faced ruin. Over 22 million American jobs were lost. The extreme uncertainty led to some of the largest daily drops ever in the stock market. Nick Timiraos, the Wall Street Journal’s chief economics correspondent, draws on extensive interviews to detail the tense meetings, late night phone calls, and crucial video conferences behind the largest, swiftest U.S. economic policy response since World War II. Trillion Dollar Triage goes inside the Federal Reserve, one of the country’s most important and least understood institutions, to chronicle how its plainspoken chairman, Jay Powell, unleashed an unprecedented monetary barrage to keep the economy on life support. With the bleeding stemmed, the Fed faced a new challenge: How to nurture a recovery without unleashing an inflation-fueling, bubble-blowing money bomb? Trillion Dollar Triage is the definitive, gripping history of a creative and unprecedented battle to shield the American economy from the twin threats of a public health disaster and economic crisis. Economic theory and policy will never be the same.

So We Read On

How The Great Gatsby Came to Be and Why It Endures *Little, Brown*

The "Fresh Air" book critic investigates the enduring power of The Great Gatsby -- "The Great American Novel we all think we've read, but really haven't." Conceived nearly a century ago by a man who died believing himself a failure, it's now a revered classic and a rite of passage in the reading lives of millions. But how well do we really know The Great Gatsby? As Maureen Corrigan, Gatsby lover extraordinaire, points out, while Fitzgerald's masterpiece may be one of the most popular novels in America, many of us first read it when we were too young to fully comprehend its power. Offering a fresh perspective on what makes Gatsby great-and utterly unusual-So We Read On takes us into archives, high school classrooms, and even out onto the Long Island Sound to explore the novel's hidden depths, a journey whose revelations include Gatsby's surprising debt to hard-boiled crime fiction, its rocky path to recognition as a "classic," and its profound commentaries on the national themes of race, class, and gender. With rigor, wit, and infectious enthusiasm, Corrigan inspires us to re-experience the greatness of Gatsby and cuts to the heart of why we are, as a culture, "borne back ceaselessly" into its thrall. Along the way, she spins a new and fascinating story of her own.

Learning in Public

Lessons for a Racially Divided America from My Daughter's School *Little, Brown*

"Vividly documenting school fund-raisers, contentious school board meetings, school drop offs, and back-to-school nights, Martin challenges preconceptions about American education and race relations today. Readers will be inspired and enlightened." —Publisher's Weekly “Provocative and personally searching” —San Francisco Chronicle A Shelf Awareness Best Books of 2021 One mother’s story of enrolling her daughter in a local public school, and the surprising, necessary lessons she learned with her neighbors. From the time Courtney E. Martin strapped her daughter, Maya, to her chest for long walks, she was curious about Emerson Elementary, a public school down the street from her Oakland home. She learned that White families in their gentrifying neighborhood largely avoided the majority-Black, poorly-rated school. As she began asking why, a journey of a thousand moral miles began. Learning in Public is the story, not just Courtney’s journey, but a whole country’s. Many of us are newly awakened to the continuing racial injustice all around us, but unsure

of how to go beyond hashtags and yard signs to be a part of transforming the country. Courtney discovers that her public school, the foundation of our fragile democracy, is a powerful place to dig deeper. Courtney E. Martin examines her own fears, assumptions, and conversations with other moms and dads as they navigate school choice. A vivid portrait of integration’s virtues and complexities, and yes, the palpable joy of trying to live differently in a country re-making itself. Learning in Public might also set your family’s life on a different course forever.

How the Other Half Eats

The Untold Story of Food and Inequality in America *Hachette UK*

A “deeply empathetic” (Publishers Weekly, starred review) “must-read” (Marion Nestle) that “weaves lyrical storytelling and fascinating research into a compelling narrative” (San Francisco Chronicle) to look at dietary differences along class lines and nutritional disparities in America, illuminating exactly how inequality starts on the dinner plate. Inequality in America manifests in many ways, but perhaps nowhere more than in how we eat. From her years of field research, sociologist and ethnographer Priya Fielding-Singh brings us into the kitchens of dozens of families from varied educational, economic, and ethnoracial backgrounds to explore how—and why—we eat the way we do. We get to know four families intimately: the Bakers, a Black family living below the federal poverty line; the Williamses, a working-class white family just above it; the Ortegas, a middle-class Latinx family; and the Cains, an affluent white family. Whether it's worrying about how far pantry provisions can stretch or whether there's enough time to get dinner on the table before soccer practice, all families have unique experiences that reveal their particular dietary constraints and challenges. By diving into the nuances of these families’ lives, Fielding-Singh lays bare the limits of efforts narrowly focused on improving families’ food access. Instead, she reveals how being rich or poor in America impacts something even more fundamental than the food families can afford: these experiences impact the very meaning of food itself. Packed with lyrical storytelling and groundbreaking research, as well as Fielding-Singh’s personal experiences with food as a biracial, South Asian American woman, *How the Other Half Eats* illuminates exactly how inequality starts on the dinner plate. Once you’ve taken a seat at tables across America, you’ll never think about class, food, and public health the same way again.

Real Queer America

LGBT Stories from Red States *Little, Brown*

LAMBDA LITERARY AWARD FINALIST A transgender reporter's "powerful, profoundly moving" narrative tour through the surprisingly vibrant queer communities sprouting up in red states (New York Times Book Review), offering a vision of a stronger, more humane America. Ten years ago, Samantha Allen was a suit-and-tie-wearing Mormon missionary. Now she's a GLAAD Award-winning journalist happily married to another woman. A lot in her life has changed, but what hasn't changed is her deep love of Red State America, and of queer people who stay in so-called "flyover country" rather than moving to the liberal coasts. In *Real Queer America*, Allen takes us on a cross-country road-trip stretching all the way from Provo, Utah to the Rio Grande Valley to the Bible Belt to the Deep South. Her motto for the trip: "Something gay every day." Making pit stops at drag shows, political rallies, and hubs of queer life across the heartland, she introduces us to scores of extraordinary LGBT people working for change, from the first openly transgender mayor in Texas history to the manager of the only queer night club in Bloomington, Indiana, and many more. Capturing profound cultural shifts underway in unexpected places and revealing a national network of chosen family fighting for a better world, *Real Queer America* is a treasure trove of uplifting stories and a much-needed source of hope and inspiration in these divided times.

The House of Atreus *Simon and Schuster*

Aeschylus was a Greek playwright considered to be the founder of the tragedy. Aeschylus along with Sophocles and Euripides are the three major Greek tragedians whose plays have survived. Before Aeschylus, characters in a play only interacted with the chorus. Aeschylus expanded the number of actors allowing for interaction among the characters. Seven of his 92 plays have survived. The Persian invasion of Greece, which took place during his lifetime, influenced many of his plays. The *Oresteia* is a trilogy of Greek tragedies written by Aeschylus, which concerns the end of the curse on the House of Atreus. The plays were "Agamemnon," "Choephorae" (The Libation-Bearers), and the "Eumenides" (Furies).

Heracles *Phoemixx Classics Ebooks*

Heracles Euripides - Euripides' Heracles is an extraordinary play, innovative in its treatment of the myth, bold in its dramatic structure, and filled with effective human pathos. The play tells a tale of horror: Heracles, the greatest hero of the Greeks, is maddened by the gods to murder his wife and children. But this suffering and divine malevolence are leavened by the friendship between Heracles and Theseus, which allows the hero to survive this final and most painful labor. The Heracles raises profound questions about the gods and mortal values in a capricious and harsh world.
