Planning

Planning definition is - the act or process of making or carrying out plans; specifically : the establishment of goals, policies, and procedures for a social or economic unit. How to use planning in a sentence.

Planning | Definition of Planning by Merriam-Webster

Rethinking Capital Improvement Planning (CIP) COVID is causing cities to rethink budgets and spending decisions. Alex Hoffman, AICP, El Paso's director of the Capital Planning Division, provides practical advice on how to reenvision the CIP process using an equity-focused approach to make cities more resilient.

American Planning Association

Planning is the process of thinking about the activities required to achieve a desired goal. It is the first and foremost activity to achieve desired results. It involves the creation and maintenance of a plan, such as psychological aspects that require conceptual skills. There are even a couple of tests to measure someone's capability of planning well.

Planning - Wikipedia

Planning definition, the act or process of making a plan or plans. See more.

Planning | Definition of Planning at Dictionary.com

Planning helps create communities of lasting value. While architects often focus on a single building, a planner's job is to work with residents and elected officials to guide the layout of an entire community or region. Planners take a broad view and look at how the pieces of a community — buildings, roads, and parks — fit together like ...

What Is Planning?

Planning is nothing but thinking before the action takes place. It helps us to take a peep into the future and decide in advance the way to deal with the situations, which we are going to encounter in future. It involves logical thinking and rational decision making. Characteristics of Planning. Managerial function: Planning is a first and foremost managerial function provides the base for ...

Planning - definition of planning by The Free Dictionary

Urban planning emerged as a scholarly discipline in the 1900s. In Great Britain the first academic planning program began at the University of Liverpool in 1909, and the first North American program was established at Harvard University in 1924. It is primarily taught at the postgraduate level, and its curriculum varies widely from one ...

urban planning | Definition, History, Examples, Importance ...

Economic planning, the process by which key economic decisions are made or influenced by central governments. It contrasts with the laissez-faire approach that, in its purest form, eschews any attempt to guide the economy, relying instead on market forces to determine the speed, direction, and nature of economic evolution.. By the late 1960s the majority of the world's countries conducted ...
