The New Jim Crow Study Guide and Call to Action *Lulu.com*

Drawing from and expanding on the themes of Michelle Alexander's acclaimed best-seller, *The New Jim Crow*, this in-depth guide provides a launching pad for groups wishing to

engage in deep, meaningful dialogue about race, racism, and structural inequality in the age of mass incarceration. The Study Guide and Call to Action spans the entirety of *The New Jim Crow*, engaging the critical questions of how we managed to create, nearly overnight, a penal system unprecedented in world history, and how that system actually functions - as opposed to the way it is advertised. This important new resource also challenges us to search for and admit the truth about ourselves, our own biases, stereotypes, and misconceptions, and the many ways in which we might actually be part of the problem.

The New Jim Crow

Mass Incarceration in the Age of Colorblindness: Mass Incarceration in the Age of Colorblindness CRC

Press

Michelle Alexander's *The New Jim Crow: Mass Incarceration in the Age of Colorblindness* is an unflinching dissection of the racial biases built into the American prison system. Named after the laws that enforced racial segregation in the southern United States until the mid-1960s, *The New Jim Crow* argues that while America is now legally a colorblind society - treating all races equally under the law - many factors combine to build profound racial weighting into the legal

system. The US now has the world's highest rate of incarceration, and a disproportionate percentage of the prison population is comprised of African-American men. Alexander's argument is that different legal factors have combined to mean both that African-Americans are more likely to be targeted by police, and to receive long jail sentences for their crimes. While many of Alexander's arguments and statistics are to be found in other books and authors' work, *The New Jim Crow* is a masterful example of the reasoning skills that communicate arguments persuasively.

Alexander's skills are those fundamental to critical thinking reasoning: organizing

evidence, examining other sides of the question, and synthesizing points to create an overall argument that is as watertight as it is persuasive.

Building a Movement to End the New Jim Crow: an organizing guide
Lulu.com

"Seeks to focus people in the direction of dismantling our nation's huge and egregious prison industrial systems, the old but new Jim Crow. In it, Daniel Hunter describes key organizing principles and offers an array of examples that describe concrete ways that individuals, organizations, and coalitions are achieving significant successes, which cultivate the soil

for more and more significant campaigns in this crucial struggle"--

Summary and Analysis of The New Jim Crow: Mass Incarceration in the Age of Colorblindness

Based on the Book by Michelle Alexander *Open Road Media*

So much to read, so little time? This brief overview of *The New Jim Crow* tells you what you need to know—before or after you read Michelle Alexander's book. Crafted and edited with care, Worth Books set

the standard for quality and give you the tools you need to be a well-informed reader. This short summary and analysis of *The New Jim Crow* by Michelle Alexander includes: Historical context Chapter-by-chapter summaries Detailed timeline of key events Profiles of the main characters Important quotes Fascinating trivia Glossary of terms Supporting material to enhance your understanding of the original work About *The New Jim Crow* by Michelle Alexander: Legal scholar and civil rights lawyer Michelle Alexander's invaluable and timely work, *The New Jim Crow*, examines what she calls the new racial caste system in United States: mass incarceration.

Following the practices of slavery and institutional discrimination, Alexander argues, mass incarceration is part of America's legacy to dehumanize and disenfranchise African Americans and Latinos. According to Alexander, "we have not ended racial caste in America; we have merely redesigned it." Thanks in a large part to the War on Drugs, more than two million people are in America's prisons today—an overwhelming majority of them are people of color who've been jailed for minor drug charges. When these adults leave prison, they are often denied employment, housing, the right to vote, and a quality education. As a result, they are rarely able to integrate

successfully into society. The New Jim Crow is a well-argued call to dismantle a system of policies that continues to deny civil rights, decades after the passing of the Civil Rights and Voting Rights Acts. The summary and analysis in this ebook are intended to complement your reading experience and bring you closer to a great work of nonfiction.

The New Jim Crow by Michelle Alexander | Summary & Analysis
Preview: The New Jim Crow argues that the ongoing “War on Drugs” and the

resulting mass incarceration of African Americans is the moral equivalent of Jim Crow. Beginning in the seventeenth century, institutions emerged in colonial America that contributed to the creation of a racial caste system. America’s current racial caste system builds upon the legacy of both chattel slavery that existed in the United States prior to the Civil War and on the system of Jim Crow laws that designated African Americans to second-class citizenship in many parts of the American South prior to the civil rights movement. This racial caste system is perpetuated across the country by members of both political parties. It has resulted in a large number of African

American men who cannot vote, serve on juries, or find employment and housing. Discrimination against convicts is legally accepted and widespread... Learn About American Minorities Are Targeted By Unjust Laws In Order To Keep Them Out Of Mainstream Society In A Fraction Of The Time It Takes To Read The Actual Book!!! Today only, get this 1# Amazon bestseller for just \$2.99. Regularly priced at \$9.99. Read on your PC, Mac, smart phone, tablet or Kindle device Michelle Alexander names three audiences whom she intends to reach and inform with her book. The first is composed of people who care profoundly

about racial justice but who do not yet realize the enormous crisis of mass incarceration of people of color. The second is composed of the people who recognize a trend in the criminal justice system that resembles the racism of decades ago but who do not have the facts to back their beliefs. Last of all, she hopes to reach the many people incarcerated in the American prison system. She then uses an antidote to explain her main point, that the U.S. incarceration system continues the racial discrimination evident in our country's history. Jarvis Cotton's great-great grandfather was unable to vote because he was a slave. Cotton's great grandfather was killed

by the Ku Klux Klan for attempting to vote. His grandfather did not vote because of the KKK's threats. Cotton's father could not vote because of poll taxes and literacy tests. And, finally, Cotton cannot vote because he was once convicted as a felon. Alexander explains that voting is the most basic democratic freedom and right, yet black people throughout U.S. history have been unable to hold or else exercise that right. Furthermore, racial discrimination continues today in a legalized form because once-convicted felons are legally required to explain their background and may be legally refused service or opportunities because of it. While the reasons

and rationalizations that have been used to support racial exclusion and discrimination have changed over the years, the outcome is mostly the same. In other words, in spite of the seeming advances of today, discrimination continues under the pretext of a different language; while our society likes to exemplify a "colorblind" mentality, racist ideology is implicitly carried out through the criminal justice system. Once a person is labeled a felon, employment and housing discrimination are legal, even expected; furthermore, the right to vote, educational opportunities, jury service, and food stamps as well as other forms of public benefit

are revoked. The pre-Civil War and pre-Civil Rights Movement discrimination has not ended but been redesigned. SUMMARY - The New

Jim Crow: Mass Incarceration In The Age Of Colorblindness By Michelle Alexander
Shortcut Edition

* Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. *By reading this summary, you will discover the discrimination that still prevails in the American judicial system today. *You will also discover that : the American justice system is based on mass incarceration; the first priority, the war on drugs, fills prisons without any concrete justification or positive impact; people of color make up a disproportionate share of the prison population; the

discrimination affecting ex-prisoners is brutal and long-lasting; structural racism in the criminal process makes it a true system of racial control. *Years after desegregation and the civil rights movement in the United States, it is often thought that racism as a system is a sad memory. American society believes that it can live without racial prejudice and ensure equality of opportunity. For the vast majority of the African-American population, however, this hope is far from reality. For many young black men, prison is the most likely prospect for the future. Entire communities live under the threat of social stigma and the loss of all their rights. *Buy now the summary of

The Negro Motorist Green Book

1940 Edition *Colchis Books*

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we

might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

The New Jim Crow

Once in a great while a book comes along that changes the way we see the world and helps to fuel a nationwide social movement. The New Jim Crow is such a book. Praised by Harvard Law professor Lani Guinier as "brave and bold," this book directly challenges the notion that the election

of Barack Obama signals a new era of colorblindness. With dazzling candor, legal scholar Michelle Alexander argues that "we have not ended racial caste in America; we have merely redesigned it." By targeting black men through the War on Drugs and decimating communities of color, the U.S. criminal justice system functions as a contemporary system of racial control-relegating millions to a permanent second-class status-even as it formally adheres to the principle of colorblindness.

A Complete Summary of *The New Jim Crow: Mass Incarceration in the Age of Colorblindness* The *New Jim Crow* is a book written by Michelle

Alexander. The book is about the increased percentage of incarceration among the African-American population in the United States and the segregation that is imposed on them and that controls them. The new Jim Crow is actually a continuation of the Jim Crow legal system which was present in the United States of America prior to the Civil War. Back then, the African American people were deemed second-class citizens, which meant that they had no rights. This meant that African-American people had no right to vote, no right to participate in the judicial or legal system, and had no representatives of their own in the entire legal system. The mistreatment of the African American people did not end when these things ended; in fact, the problems regarding segregation of African-American people are still present today. Michelle Alexander's book is here to show us the truth about segregation, which is often hidden through political promises or even negligence. The New Jim Crow is an interesting, eye-opening book, which everyone should read in order to understand the issues of continued racial segregation in the United States. Our summary is divided into several sections: first we will summarize the book, and try to learn as much as we can about what the author is trying to say. After this, we will have

an analysis of the book and then a quiz with answers to test your knowledge. Finally, we will give you a short conclusion just to review everything we have learned. So, let's get started. Here Is A Preview Of What You Will Get: - In The New Jim Crow, you will get a summarized version of the book. - In The New Jim Crow, you will find the book analyzed to further strengthen your knowledge. - In The New Jim Crow, you will get some fun multiple choice quizzes, along with answers to help you learn about the book. American Apartheid

Segregation and the Making of the Underclass *Harvard University Press*

This powerful and disturbing book clearly links persistent poverty among blacks in the United States to the unparalleled degree of deliberate segregation they experience in

American cities. American Apartheid shows how the black ghetto was created by whites during the first half of the twentieth century in order to isolate growing urban black populations. It goes on to show that, despite the Fair Housing Act of 1968, segregation is perpetuated today through an interlocking set of individual actions, institutional practices, and governmental policies. In some urban areas the degree of black segregation is so intense and occurs in so many dimensions simultaneously that it amounts to "hypersegregation." Douglas Massey and Nancy Denton demonstrate that this systematic segregation of African Americans leads inexorably to the creation of underclass communities during periods of economic downturn. Under conditions of extreme segregation, any increase in the overall rate of black poverty yields a marked increase in the geographic concentration of indigence and the deterioration of social and economic conditions in black communities. As ghetto residents adapt to this increasingly harsh environment under a climate of racial isolation, they evolve attitudes, behaviors, and practices that further marginalize their neighborhoods and undermine their chances of success in mainstream American society. This book is a

sober challenge to those who argue that race is of declining significance in the United States today.

Summary Of The New Jim Crow

Mass Incarceration in the Age of Colorblindness: By Michelle Alexander

The New Jim Crow Summary and Study Guidehe New Jim Crow: Mass Incarceration in the Age of Colorblindness is a nonfiction book published in 2010 by American author and legal scholar Michelle Alexander. The book argues that the War on Drugs and mass incarceration operate as tools of racialized social control and oppression, not unlike the system in place during the Jim Crow era

in the American South. The winner of the NAACP Image Award for Nonfiction, The New Jim Crow continues to appear on countless racial justice reading lists and was named one of the most influential books of the past 20 years by the Chronicle of Higher Education. This study guide refers to the 10th anniversary edition published in 2020 by the New Press. Between the 1870s and 1960s, legal segregation, racially targeted voting laws, and a host of other political, legal, and cultural forces effectively transformed Black men and women living in the American South into second-class citizens-or, as Alexander puts it, members of a "racial undercaste" (129). This

period of American history is known as the Jim Crow era. While civil rights legislation in the 1960s eliminated this specific form of oppression and disenfranchisement, a new form of racialized social control emerged in the 1980s: mass incarceration. With the launch of the War on Drugs and a series of draconian crime bills, the number of incarcerated

Americans skyrocketed in less than three decades from 300,000 to over 2 million, most of them for drug convictions and most of them Black men. This transpired even though white and Black Americans sell and use drugs at roughly the same rates. Far from being an effective system of crime deterrence, Alexander

argues that mass incarceration increases violent crime. Given that the United States declared the War on Drugs before Americans even perceived drug use to be a serious problem, this leads Alexander to conclude that mass incarceration was designed as a system of racial control rather than an effort to combat violent crime...

The South

Jim Crow and Its Afterlives *Verso Books*

A narrative account of Jim Crow as people experienced it The last generation of Americans with a living memory of Jim Crow will soon disappear. They leave behind a collective memory of segregation shaped

increasingly by its horrors and heroic defeat but not a nuanced understanding of everyday life in Jim Crow America. In *The South*, Adolph L. Reed Jr. — New Orleanian, political scientist, and according to Cornel West, “the greatest democratic theorist of his generation” — takes up the urgent task of recounting the granular realities of life in the last decades of the Jim Crow South. Reed illuminates the multifaceted structures of the segregationist order. Through his personal history and political acumen, we see America’s apartheid system from the ground up, not just its legal framework or systems of power, but the way these systems structured the day-to-day interactions, lives, and ambitions of ordinary working people. The South unravels the personal and political dimensions of the Jim Crow order, revealing the sources and objectives of this unstable regime, its contradictions and precarity, and the social order that would replace it. The South is more than a memoir or a history. Filled with analysis and fascinating firsthand accounts of the operation of the system that codified and enshrined racial inequality, this book is required reading for anyone seeking a deeper understanding of America’s second peculiar institution the future created in its wake. With a foreword from Barbara Fields,

co-author of the acclaimed *Racecraft*.

Ghosts of Jim Crow

Ending Racism in Post-Racial America *NYU Press*

When America inaugurated its first African American president, in 2009, many wondered if the country had finally become a "post-racial" society. Was this the dawning of a new era, in which America, a nation nearly severed in half by slavery, and whose racial fault lines are arguably among its most enduring traits, would at last move beyond race with the election of Barack Hussein Obama? In *Ghosts of Jim Crow*, F. Michael Higginbotham convincingly argues that America remains far away from that

imagined utopia. Indeed, the shadows of Jim Crow era laws and attitudes continue to perpetuate insidious, systemic prejudice and racism in the 21st century.

Higginbotham's extensive research demonstrates how laws and actions have been used to maintain a racial paradigm of hierarchy and separation—both historically, in the era of lynch mobs and segregation, and today—legally, economically, educationally and socially. Using history as a roadmap, Higginbotham arrives at a provocative solution for ridding the nation of Jim Crow's ghost, suggesting that legal and political reform can successfully create a post-racial

America, but only if it inspires whites and blacks to significantly alter behaviors and attitudes of race-based superiority and victimization. He argues that America will never achieve its full potential unless it truly enters a post-racial era, and believes that time is of the essence as competition increases globally.

Summary of the New Jim Crow

Mass Incarceration in the Age of Colorblindness

The New Jim Crow: Mass Incarceration in the Age of Colorblindness by Michelle Alexander Conversation Starters When Barack Obama won the presidency in 2009, the world thought that America

has finally won over racial discrimination. Legal scholar and civil rights lawyer Michelle Alexander however realizes that this is far from the truth. The New Jim Crow is an exposition of how America has created a caste system through the mass incarceration of blacks who are imprisoned through harsh drug laws. Just like the Jim Crow laws that rendered blacks second-class citizens in the late 19th and early 20th centuries, today's incarcerated blacks are prevented by the criminal legal system from taking advantage of their economic, political and social rights as American citizen. Published in 2010, the book was on The New York Times bestseller list for over a year. It is the 2011

NAACP Image Award for best nonfiction. A Brief Look Inside: EVERY GOOD BOOK CONTAINS A WORLD FAR DEEPER than the surface of its pages. The characters and their world come alive, and the characters and its world still live on. Halfway Home

Race, Punishment, and the Afterlife of Mass Incarceration
Little, Brown

A “persuasive and essential” (Matthew Desmond) work that will forever change how we look at life after prison in America

through Miller's "stunning, and deeply painful reckoning with our nation's carceral system" (Heather Ann Thompson) Each year, more than half a million Americans are released from prison and join a population of twenty million people who live with a felony record. Reuben Miller, a chaplain at the Cook County Jail in Chicago and is now a sociologist studying mass incarceration, spent years alongside prisoners, ex-prisoners, their friends, and their families to understand the lifelong burden that even a single arrest can entail. What his work revealed is a simple, if overlooked truth: life after incarceration is its own form of prison. The idea that one can serve their debt and return to life as a full-fledge member of society is one of America's most nefarious myths. Recently released individuals are faced with jobs that are off-limits, apartments that cannot be occupied and votes that cannot be cast. As *The Color of Law* exposed about our understanding of housing segregation, *Halfway Home* shows that the American justice system was not created to rehabilitate. Parole is structured to keep classes of Americans impoverished, unstable, and disenfranchised long after they've paid their debt to society. Informed by Miller's experience as the son and brother of incarcerated men, captures the stories of the men, women, and

communities fighting against a system that is designed for them to fail. It is a poignant and eye-opening call to arms that reveals how laws, rules, and regulations extract a tangible cost not only from those working to rebuild their lives, but also our democracy. As Miller searchingly explores, America must acknowledge and value the lives of its formerly imprisoned citizens.

Summary of the New Jim Crow

Includes Key Takeaways & Analysis *Createspace Independent Publishing Platform*

Don't miss this summary of Michelle Alexander's controversial and eye-opening book: "The New Jim Crow: Mass

Incarceration in the Age of Colorblindness." This FastReads' Summary provides chapter synopses, key takeaways, and analysis to help you fully digest this stunning and explosive criticism of the modern racial caste system in America. What Will You Learn from Reading This Book? The history of racism, slavery, Jim Crow, and modern discrimination in America Evidence behind the systematic incarceration of black people in America How the stigma of black criminals isn't just for criminals The viscous cycle of crime and recidivism in black communities The racially-driven double standards that penetrate the American justice system How these

current injustices were intentionally engineered to replace the old Jim Crow and maintain racial inequality. Book Summary Overview Obama's election as the president might have seemed like the dawn of a new era of colorblindness in America, but Alexander argues that we are far from eradicating racism—we have just redesigned it. Alexander also presents sufficient evidence to help the reader come to terms with the horrifying realities of modern racism. Ultimately, she concludes that although the prison system is supposed to reform people, it acts primarily as method of control and servitude in America—very much like slavery.

Alexander's disarming voice and candor make this an incredible book, despite the grimness of its overarching themes. Click Buy Now with 1-Click to Own Your Copy Today! Please note: This is a summary, analysis and review of the book and not the original book.

The Strange Careers of the Jim Crow North

Segregation and Struggle outside of the South *NYU Press*

Did American racism originate in the liberal North? An inquiry into the system of institutionalized racism created by Northern Jim Crow. Jim Crow was not a regional sickness, it was a national cancer. Even at the high point of twentieth century liberalism in

the North, Jim Crow racism hid in plain sight. Perpetuated by colorblind arguments about “cultures of poverty,” policies focused more on black criminality than black equality. Procedures that diverted resources in education, housing, and jobs away from poor black people turned ghettos and prisons into social pandemics. Americans in the North made this history. They tried to unmake it, too. Liberalism, rather than lighting the way to vanquish the darkness of the Jim Crow North gave racism new and complex places to hide. The twelve original essays in this anthology unveil Jim Crow’s many strange careers in the North. They accomplish two goals: first, they show

how the Jim Crow North worked as a system to maintain social, economic, and political inequality in the nation’s most liberal places; and second, they chronicle how activists worked to undo the legal, economic, and social inequities born of Northern Jim Crow policies, practices, and ideas. The book ultimately dispels the myth that the South was the birthplace of American racism, and presents a compelling argument that American racism actually originated in the North.

The Hollywood Jim Crow

The Racial Politics of the Movie Industry

NYU Press

The story of racial

hierarchy in the American film industry. The #OscarsSoWhite campaign, and the content of the leaked Sony emails which revealed, among many other things, that a powerful Hollywood insider didn't believe that Denzel Washington could "open" a western genre film, provide glaring evidence that the opportunities for people of color in Hollywood are limited. In *The Hollywood Jim Crow*, Maryann Erigha tells the story of inequality, looking at the practices and biases that limit the production and circulation of movies directed by racial minorities. She examines over 1,300 contemporary films, specifically focusing on directors, to show the

key elements at work in maintaining "the Hollywood Jim Crow." Unlike the Jim Crow era where ideas about innate racial inferiority and superiority were the grounds for segregation, Hollywood's version tries to use economic and cultural explanations to justify the underrepresentation and stigmatization of Black filmmakers. Erigha exposes the key elements at work in maintaining Hollywood's racial hierarchy, namely the relationship between genre and race, the ghettoization of Black directors to black films, and how Blackness is perceived by the Hollywood producers and studios who decide what gets made and who gets to make it.

Erigha questions the notion that increased representation of African Americans behind the camera is the sole answer to the racial inequality gap. Instead, she suggests focusing on the obstacles to integration for African American film directors. Hollywood movies have an expansive reach and exert tremendous power in the national and global production, distribution, and exhibition of popular culture. The Hollywood Jim Crow fully dissects the racial inequality embedded in this industry, looking at alternative ways for African Americans to find success in Hollywood and suggesting how they can band together to forge their own career paths.

The Fire This Time

A New Generation Speaks about Race

Simon and Schuster

"Ward takes James Baldwin's 1963 examination of race in America, *The Fire Next Time*, as a jumping off point for this ... collection of essays and poems about race from ... voices of her generation and our time"--

Summary of the New Jim Crow

By Michelle Alexander - Includes

Analysis *Createspace Independent Publishing Platform*

Summary of The New Jim Crow by Michelle Alexander | Includes Analysis Preview: The New Jim Crow argues that the ongoing "War on Drugs" and the

resulting mass incarceration of African Americans is the moral equivalent of Jim Crow. Beginning in the seventeenth century, institutions emerged in colonial America that contributed to the creation of a racial caste system. America's current racial caste system builds upon the legacy of both chattel slavery that existed in the United States prior to the Civil War and on the system of Jim Crow laws that designated African Americans to second-class citizenship in many parts of the American South prior to the civil rights movement. This racial caste system is perpetuated across the country by members of both political parties. It has resulted in a large number of African

American men who cannot vote, serve on juries, or find employment and housing. Discrimination against convicts is legally accepted and widespread... The New Jim Crow

**Mass Incarceration
in the Age of
Colorblindness***Macat
Library*

Michelle Alexander's *The New Jim Crow: Mass Incarceration in the Age of Colorblindness* is an unflinching dissection of the racial biases built into the American prison system. Named after the laws that enforced racial segregation in the southern United States until the mid-1960s, *The New Jim Crow* argues that while America is now legally a colorblind society - treating all races equally under the law - many factors combine to build profound racial weighting into the legal system. The US now has the world's highest rate of incarceration, and a disproportionate percentage of the

prison population is comprised of African-American men. Alexander's argument is that different legal factors have combined to mean both that African-Americans are more likely to be targeted by police, and to receive long jail sentences for their crimes. While many of Alexander's arguments and statistics are to be found in other books and authors' work, *The New Jim Crow* is a masterful example of the reasoning skills that communicate arguments persuasively.

Alexander's skills are those fundamental to critical thinking reasoning: organizing evidence, examining other sides of the question, and synthesizing points to create an overall

argument that is as watertight as it is persuasive.

Gender and Jim Crow

Women and the Politics of White Supremacy in North Carolina, 1896-1920

UNC Press Books

Glenda Gilmore recovers the rich nuances of southern political history by placing black women at its center. She explores the pivotal and interconnected roles played by gender and race in North Carolina politics from the period immediately preceding the disfranchisement of black men in 1900 to the time black and white women gained the vote in 1920. *Gender and Jim Crow* argues that the ideology of white supremacy embodied

in the Jim Crow laws of the turn of the century profoundly reordered society and that within this environment, black women crafted an enduring tradition of political activism. According to Gilmore, a generation of educated African American women emerged in the 1890s to become, in effect, diplomats to the white community after the disfranchisement of their husbands, brothers, and fathers. Using the lives of African American women to tell the larger story, Gilmore chronicles black women's political strategies, their feminism, and their efforts to forge political ties with white women. Her analysis highlights the active role played by women of both races in the political

process and in the emergence of southern progressivism. In addition, Gilmore illuminates the manipulation of concepts of gender by white supremacists and shows how this rhetoric changed once women, black and white, gained the vote.

Summary Of The New Jim Crow

Mass Incarceration in the Age of Colorblindness: By Michelle Alexander

The New Jim Crow: Mass Incarceration in the Age of Colorblindness is a nonfiction book published in 2010 by American author and legal scholar Michelle Alexander. The book argues that the War on Drugs and mass incarceration operate

as tools of racialized social control and oppression, not unlike the system in place during the Jim Crow era in the American South. The winner of the NAACP Image Award for Nonfiction, The New Jim Crow continues to appear on countless racial justice reading lists and was named one of the most influential books of the past 20 years by the Chronicle of Higher Education. This study guide refers to the 10th anniversary edition published in 2020 by the New Press.

Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? Between the World and Me is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American

plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

Jealousy

A Strange Angels Novel *Penguin*

It's a good thing Dru Anderson is fast. Because the sucker chasing her isn't slowing down?and he won't rest until he has tasted her blood and silenced her heart . . . Dru's best friend, Graves, and her strange and handsome savior, Christophe, are ready to help her take on the ultimate evil.

But will their battle for Dru's heart get in the way of her survival?

Locked In

The True Causes of Mass Incarceration—and How to Achieve Real Reform *Basic Books*

"Pfaff, let there be no doubt, is a reformer...Nonetheless, he believes that the standard story--popularized in particular by Michelle Alexander, in her influential book, *The New Jim Crow*--is false. We are desperately in need of reform, he insists, but we must reform the right things, and address the true problem."--Adam Gopnik, *The New Yorker* A groundbreaking examination of our system of

imprisonment, revealing the true causes of mass incarceration as well as the best path to reform. In the 1970s, the United States had an incarceration rate comparable to those of other liberal democracies-and that rate had held steady for over 100 years. Yet today, though the US is home to only about 5 percent of the world's population, we hold nearly one quarter of its prisoners. Mass incarceration is now widely considered one of the biggest social and political crises of our age. How did we get to this point? *Locked In* is a revelatory investigation into the root causes of mass incarceration by one of the most exciting scholars in the country.

Having spent fifteen years studying the data on imprisonment, John Pfaff takes apart the reigning consensus created by Michelle Alexander and other reformers, revealing that the most widely accepted explanations-the failed War on Drugs, draconian sentencing laws, an increasing reliance on private prisons-tell us much less than we think. Pfaff urges us to look at other factors instead, including a major shift in prosecutor behavior that occurred in the mid-1990s, when prosecutors began bringing felony charges against arrestees about twice as often as they had before. He describes a fractured criminal justice system, in which counties don't pay for the people they

send to state prisons, and in which white suburbs set law and order agendas for more-heavily minority cities. And he shows that if we hope to significantly reduce prison populations, we have no choice but to think differently about how to deal with people convicted of violent crimes-and why some people are violent in the first place. An authoritative, clear-eyed account of a national catastrophe, *Locked In* transforms our understanding of what ails the American system of punishment and ultimately forces us to reconsider how we can build a more equitable and humane society.

The New Jim Crow

Mass Incarceration

in the Age of Colorblindness

Michelle Alexander names three audiences whom she intends to reach and inform with her book. The first is composed of people who care profoundly about racial justice but who do not yet realize the enormous crisis of mass incarceration of people of color. The second is composed of the people who recognize a trend in the criminal justice system that resembles the racism of decades ago but who do not have the facts to back their beliefs. Last of all, she hopes to reach the many people incarcerated in the American prison system. She then uses an antidote to explain her main point, that the U.S. incarceration system continues the

racial discrimination evident in our country's history. Jarvious Cotton's great-great grandfather was unable to vote because he was a slave. Cotton's great grandfather was killed by the Ku Klux Klan for attempting to vote. His grandfather did not vote because of the KKK's threats. Cotton's father could not vote because of poll taxes and literacy tests. And, finally, Cotton cannot vote because he was once convicted as a felon. Alexander explains that voting is the most basic democratic freedom and right, yet black people throughout U.S. history have been unable to hold or else exercise that right. Furthermore, racial discrimination continues today in a legalized form because once-convicted felons are legally required to explain their background and may be legally refused service or opportunities because of it. While the reasons and rationalizations that have been used to support racial exclusion and discrimination have changed over the years, the outcome is mostly the same. In other words, in spite of the seeming advances of today, discrimination continues under the pretext of a different language; while our society likes to exemplify a "colorblind" mentality, racist ideology is implicitly carried out through the criminal justice system. Once a person is labeled a felon, employment and

housing discrimination are legal, even expected; furthermore, the right to vote, educational opportunities, jury service, and food stamps as well as other forms of public benefit are revoked. The pre-Civil War and pre-Civil Rights Movement discrimination has not ended but been redesigned.
