Downtown Living: America Rediscovered Its Cities: Amazon.co ...

The American dream of a single family home on its own lot is still strong, but a different dream of living and prospering in a major city is beginning to take hold. After decades of abandonment by the middle class, a detectable number of people are moving into urban downtown areas. The Intown Living phenomenon is generally powered by people under the age of 40 who are seeking more stimulation ...

Intown Living A Different American Dream [PDF]

Intown Living: A Different American Dream is one of the latest books focused on the urban migration.. While many boomers writing on the subject attribute the move back to cities to the baby boomer/empty nester generation, the boomerish authors conclude that it's young people, and by a predominant margin (backed by Census data).

9781597260022: Intown Living: A Different American Dream ...

In Intown Living, authors Ann Breen and Dick Rigby document this movement, arguing that if properly nurtured, it could help slow current patterns of sprawling development and help revitalize America's cities. They illustrate the many benefits of city living and offer strategies and encouragement for public officials and private developers to team up and expand central city housing opportunities.
