Britain’s shifting identities and attitudes. In this year’s British Social Attitudes report (BSA), we see a continuation of one of the most important trends in post-war history: the steady decline in religion and belief among the British public. This decline is not simply a private matter for individuals and families, but rather a trend with profound implications for our social norms as well as our public institutions.

The Casement Report was a 1904 document written by Roger Casement—a diplomat and Irish independence fighter—detailing abuses in the Congo Free State which was under the private ownership of King Leopold II of Belgium. This report was instrumental in Leopold finally relinquishing his private holdings in Africa. Leopold had had ownership of the Congolese state since 1885, granted to him by the Berlin Conference, in which he exploited its natural resources for his own private wealth.
