The Places in Between Houghton Mifflin Harcourt

Traces the author's 2002 journey by foot across Afghanistan, during which he survived the harsh elements through the kindness of tribal elders, teen soldiers, Taliban commanders, and foreign-aid workers whose stories he collected along his way. By the author of The Prince of the Marshes. Original. 20,000 first printing.

The Places in Between Picador

Rory Stewart's moving account of his walk across Afghanistan in January 2002 was immediately hailed as a classic. Caught between hostile nations, warring factions and competing ideologies, at the time Afghanistan was in turmoil following the US invasion. Travelling entirely on foot and following the inaccessible mountainous route once taken by the Mogul Emperor, Babur the Great, Stewart was nearly defeated by the extreme, hostile conditions. Only with the help of an unexpected companion and the generosity of the people he met on the way did he survive to report back with unique insight on a region closed to the world by twenty-four years of war.Winner of the Royal Society of Literature Ondaatje Award and the Spirit of Scotland Award and shortlisted for the Guardian First Book Award, the John Llewellyn Rhys Memorial Prize and the Scottish Book of the Year Prize.

The Prince of the Marshes

And Other Occupational Hazards of a Year in Iraq HMM

An adventurous diplomat’s “engrossing and often darkly humorous” memoir of working with Iraqis after the fall of Saddam Hussein(Publishers Weekly). In August 2003, at the age of thirty, Rory Stewart took a taxi from Jordan to Baghdad. A Farsi-speaking British diplomat who had recently completed an epic walk from Turkey to Bangladesh, he was soon appointed deputy governor of Amarah and then Nasiriyah, provinces in the remote, impoverished marsh regions of southern Iraq. He spent the next eleven months negotiating hostage releases, holding elections, and splicing together some semblance of an infrastructure for a population of millions teetering on the brink of civil war. The Prince of the Marshes tells the story of Stewart’s year. As a participant he takes us inside the occupation and beyond the Green Zone, introducing us to a colorful cast of Iraqis and revealing the complexity and fragility of a society we struggle to understand. By turns funny and harrowing, moving and incisive, it amounts to a unique portrait of heroism and the tragedy that intervention inevitably courts in the modern age.

The Marches

A Borderland Journey Between England and Scotland Houghton Mifflin Harcourt

This father-and-son trek through the history and landscape of the United Kingdom is “a sensitive exploration of what borders mean and don’t mean” (The Wall Street Journal). In The Places in Between, Rory Stewart walked some of the most dangerous borderlands in the world. Now he travels with his eighty-nine-year-old father—a comical, wily, courageous, and infuriating former British intelligence officer—along the border they call home. On Stewart’s four-hundred-mile walk across a magnificent natural landscape, he sleeps on mountain ridges and in housing projects, in hostels and farmhouses. With every fresh encounter—from an Afghanistan veteran based on Hadrian’s Wall to a shepherd who still counts his flock in sixth-century words—Stewart uncovers more about the forgotten peoples and languages of a vanished country, now crushed between England and

Scotland. Stewart and his father are drawn into unsettling reflections on landscape, their parallel careers in the bygone British Empire and Iraq, and the past, present, and uncertain future of the United Kingdom. And as the end approaches, the elder Stewart’s stubborn charm transforms this chronicle of nations into a fierce, exuberant encounter between a father and a son. “[Stewart] anchors his lively mix of history, travelogue, and reportage on local communities in a vibrant portrait of his father, who was both a tartan-wearing Scotsman and a thoroughly British soldier and diplomat.”—Publishers Weekly “Stewart brings a humane empathy to his encounters with people and landscape.”—The Washington Post “An unforgettable tale.” —National Geographic

In-between Places

Essays University of Arizona Press

"There is a map you decide to call a book. A book of the territories youÖve traveled. A map is a meaning you hold against the unknowing. The places you speak in many directions." For Diane Glancy, there are books that you open like a map. In-between Places is such a book: a collection of eleven essays unified by a common concern with landscape and its relation both to our spiritual life and to the craft of writing. Taking readers on a trip to New Mexico, a voyage across the sea of middle America, even a journey to China, Glancy has crafted a sustained meditation on the nature and workings of language, stories, and poems; on travel and motion as metaphors for life and literature; and on the relationships between Native American and Judeo-Christian ways of thinking and being in the world. Reflecting on strip mines in Missouri ("as long as there is anything left to take, human industry will take it") and hog barns in Iowa (writing about them from the hogs' perspective), Glancy speaks in the margins of cross-cultural issues and from the places in-between as she explores the middle ground between places that we handle with the potholder of language. She leaves in her wake a dance of words and the structures left after the collision of cultures. A writer who has often examined her native heritage, Glancy also asks here what it means to be part white. "What does whiteness look like viewed from the other, especially when that other is also within oneself?" And in considering the legacy of Christianity, she ponders "how it is when the Holy Ghost enters your life like a brother-in-law you know is going to be there a while." Insightful and provocative, In-between Places is a book for anyone interested in a sense of place and in the relationship between religion and our stance toward nature. It is also a book for anyone who loves thoughtful writing and wishes to learn from a modern master of language.

Can Intervention Work? (Norton Global Ethics Series) W. W. Norton & Company

Best-selling author Rory Stewart and political economist Gerald Knaus examine the impact of large-scale interventions, from Bosnia to Afghanistan. “A fresh and critically important perspective on foreign interventions” (Washington Post), Can Intervention Work? distills Rory Stewart’s (author of The Places In Between) and Gerald Knaus’s remarkable firsthand experiences of political and military interventions into a potent examination of what we can and cannot achieve in a new era of nation building. As they delve into the massive, military-driven efforts in Bosnia, Iraq, and Afghanistan, the authors reveal each effort’s enormous consequences for international relations, human rights, and our understanding of state building. Stewart and Knaus parse carefully the philosophies that have informed interventionism—from neoconservative to liberal imperialist—and draw on their diverse experiences in the military, nongovernmental organizations, and the Iraqi provincial government to reveal what we can ultimately expect from large-scale interventions and how they might best realize positive change in the world. Author and columnist Fred Kaplan calls Can Intervention Work? “the most thorough examination of the subject [of intervention] that I’ve read in a while.”

All the Places We’ve Been, All the Places We’re Going

A beautiful, wordless graphic novel about feeling lost . . . and trying to get back to the place where you think you should be. What happens when you’re trapped in the darkness, in emotional pain and turmoil? How can you make your way through that anguish and find joy again? In wordless black-and-white illustrations, John Cei Douglas empathetically shows the struggle to communicate how things feel when we get lost, and the wrenching loneliness that comes with mental-health struggles. His poignant images show a woman, sad and alone, as she drifts powerlessly across a vast and empty universe . . . till she finds her way home. A quietly beautiful meditation on the seemingly endless paths we wander just to be able to return to where we think we should be, All the Places in Between is a comforting reminder that you’re not alone on your journey.

The Place Between Breaths Simon and Schuster

“A searing, shattering, exquisite shard of a book.” —Ally Condie, #1 New York Times bestselling author of the Matched Trilogy “A brilliant, necessary candle in the darkness.” —Brendan Kiely, New York Times bestselling and award-winning coauthor of All American Boys and Tradition From master storyteller and Printz Award-winning author An Na comes a dark, intensely moving story of a girl desperately determined to find a cure for the illness that swept her mother away, and could possibly destroy her own life as well. Sixteen-year-old Grace is in a race against time—and in a race for her life—even if she doesn’t realize it yet... She is smart, responsible, and contending with more than what most teens ever should. Her mother struggled with schizophrenia for years until, one day, she simply disappeared—fleeing in fear that she was going to hurt those she cared about most. Ever since, Grace’s father has worked as a recruiter at one of the leading labs dedicated to studying the disease, trying to lure the world’s top scientists to the faculty to find a cure, hoping against hope it can happen in time to help his wife if she is ever found. But this makes him distant. Consumed. Grace, in turn, does her part, interning at the lab in the gene sequencing department, daring to believe that one day they might make a breakthrough...and one day they do. Grace stumbles upon a string of code that could be the key. But something inside of Grace has started to unravel. Could her discovery just be a cruel side effect of the disease that might be taking hold of her? And can she even tell the difference? With unflinching bravery, An Na has created a mesmerizing story with twists and turns that reveal jaw-dropping insights into the mind of someone struggling with schizophrenia.

Americans have built an empire on the idea of “race,” a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? Between the World and Me is Ta-Nehisi Coates’s attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children’s lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, Between the World and Me clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

Remembering Places

A Phenomenological Study of the Relationship between Memory and Place *Lexington Books*
This book is a phenomenological investigation of the interrelations of tradition, memory, place and the body. Drawing upon philosophers such as Husserl, Heidegger, Merleau-Ponty, Gadamer, and Ricoeur, Janet Donohoe uses the idea of a palimpsest to argue that layers of the past are carried along as traditions, through places and bodies, such that we can speak of memory as being written upon place and place as being written upon memory. In dialogue with theorists such as Jeff Malpas and Ed Casey, Donohoe focuses on analysis of monuments and memorials to investigate how such deliberate places of collective memory can be ideological, or can open us to the past and different traditions. The insights in this book will be of particular value to place theorists and phenomenologists in disciplines such as philosophy, geography, memory studies, public history, and environmental studies.

CyberParks - The Interface Between People, Places and Technology

New Approaches and Perspectives *Springer*
This open access book is about public open spaces, about people, and about the relationship between them and the role of technology in this relationship. It is about different approaches, methods, empirical studies, and concerns about a phenomenon that is increasingly being in the centre of sciences and strategies – the penetration of digital technologies in the urban space. As the main outcome of the CyberParks Project, this book aims at fostering the understanding about the current and future interactions of the nexus people, public spaces and technology. It addresses a wide range of challenges and multidisciplinary perspectives on emerging phenomena related to the penetration of technology in people’s lifestyles - affecting therefore the whole society, and with this, the production and use of public spaces. Cyberparks coined the term cyberpark to describe the mediated public space, that emerging type of urban spaces where nature and cybertechnologies blend together to generate hybrid experiences and enhance quality of life.

A History of Wild Places

A Novel *Simon and Schuster*
In this “riveting, atmospheric thriller that messes with your mind in the best way” (Laini Taylor, New York Times bestselling author), three residents of a secluded, seemingly peaceful commune investigate the disappearances of two outsiders. Travis Wren has an unusual talent for locating missing people. Often hired by families as a last resort, he takes on the case of Maggie St. James—a well-known author of dark, macabre children’s books—and is soon led to a place many believed to be only a legend. Called Pastoral, this reclusive community was founded in the 1970s by like-minded people searching for a simpler way of life. By all accounts, the commune shouldn’t exist anymore and soon after Travis stumbles upon it...he disappears. Just like Maggie St. James. Years later, Theo, a lifelong member of Pastoral, discovers Travis’s abandoned truck beyond the border of the community. No one is allowed in or out, not when there’s a risk of bringing a disease—rot—into Pastoral. Unraveling the mystery of what happened reveals secrets that Theo, his wife, Calla, and her sister, Bee, keep from one another. Secrets that prove their perfect, isolated world isn’t as safe as they believed—and that darkness takes many forms. “As spine-chilling as it is beautifully crafted” (Ruth Emmie Lang, author of Beasts of Extraordinary Circumstance), A History of Wild Places is a story about fairy tales, our fear of the dark, and losing yourself within the wilderness of your mind.

It is the end of the summer. The tourists have already gone, and now the sun is abandoning the Lake District's damp valleys. Only a lone camper remains, enjoying the quiet. He plans to stay just long enough to prepare for a trip to the East. But then the owner of the campsite asks him to paint a fence and he innocently obliges. Soon other odd jobs pile up until little by little he becomes ensnared in the ominous 'out-of-season'.

127 Hours

Between a Rock and a Hard Place *Simon and Schuster*
On Sunday April 27, 2003, 27-year old Aron Ralston set off for a day's hiking in the Utah canyons. Dressed in a t-shirt and shorts, Ralston, a seasoned climber, figured he'd hike for a few hours and then head off to work. 40 miles from the nearest paved road, he found himself on top of an 800-pound boulder. As he slid down and off of the boulder it shifted, trapping his right hand against the canyon wall. No one knew where he was; he had little water; he wasn't dressed correctly; and the boulder wasn't going anywhere. He remained trapped for five days in the canyon: hypothermic at night, de-hydrated and hallucinating by day. Finally, he faced the most terrible decision of his life: braking the bones in his wrist by snapping them against the boulder, he hacked through the skin, and finally succeeded in amputating his right hand and wrist. The ordeal, however, was only beginning. He

still faced a 60-foot rappell to freedom, and a walk of several hours back to his car - along the way, he miraculously met a family of hikers, and with his arms tourniqued, and blood-loss almost critical, they heard above them the whir of helicopter blades; just in time, Aron was rescued and rushed to hospital. Since that day, Aron has had a remarkable recovery. He is back out on the mountains, with an artificial limb; he speaks to select groups on his ordeal and rescue; and amazingly, he is upbeat, positive, and an inspiration to all who meet him. This is the account of those five days, of the years that led up to them, and where he goes from here. It is narrative non-fiction at its most compelling.

The Wisdom of Crowds *Anchor*

In this fascinating book, New Yorker business columnist James Surowiecki explores a deceptively simple idea: Large groups of people are smarter than an elite few, no matter how brilliant—better at solving problems, fostering innovation, coming to wise decisions, even predicting the future. With boundless erudition and in delightfully clear prose, Surowiecki ranges across fields as diverse as popular culture, psychology, ant biology, behavioral economics, artificial intelligence, military history, and politics to show how this simple idea offers important lessons for how we live our lives, select our leaders, run our companies, and think about our world.

Icebergs, Zombies, and the Ultra-Thin

Architecture and Capitalism in the 21st Century *Chronicle Books*

"Soules's excellent book makes sense of the capitalist forces we all feel but cannot always name... Icebergs, Zombies, and the Ultra Thin arms architects and the general public with an essential understanding of how capitalism makes property. Required reading for those who think tomorrow can be different from today."— Jack Self, coeditor of Real Estates: Life Without Debt In Icebergs, Zombies, and the Ultra Thin, Matthew Soules issues an indictment of how finance capitalism dramatically alters not only architectural forms but also the very nature of our cities and societies. We rarely consider architecture to be an important factor in contemporary economic and political debates, yet sparsely occupied ultra-thin "pencil towers" develop in our cities, functioning as speculative wealth storage for the superrich, and cavernous "iceberg" homes extend architectural assets many stories below street level. Meanwhile, communities around the globe are blighted by zombie and ghost urbanism, marked by unoccupied neighborhoods and abandoned housing developments. Learn how the use of architecture as an investment tool has accelerated in recent years, heightening inequality and contributing to worldwide financial instability: • See how investment imperatives shape what and how we build, changing the very structure of our communities • Delve into high-profile projects, like the luxury apartments of architect Rafael Viñoly's 432 Park Avenue • Understand the convergence of technology, finance, and spirituality, which together are configuring the financialized walls within which we eat, sleep, and work Includes dozens of photos and drawings of architectural phenomena that have changed the way we live. Essential reading for anyone interested in architecture, design, economics, and understanding the way our world is formed.

Thin Places

Essays from In Between *Picador*

A Los Angeles Times Bestseller A Lit Hub | Chicago Review | Ms. Magazine March pick A Lambda Literary Most Anticipated Book In this perceptive and provocative essay collection, an award-winning writer shares her personal and reportorial investigation into America's search for meaning When Jordan Kisner was a child, she was saved by Jesus Christ at summer camp, much to the confusion of her nonreligious family. She was, she writes, “just naturally reverent,” a fact that didn't change when she—much to her own confusion—lost her faith as a teenager. Not sure why her religious conviction had come or where it had gone, she did what anyone would do: “You go about the great American work of assigning yourself to other gods: yoga, talk radio, neoatheism, CrossFit, cleanses, football, the academy, the American Dream, Beyoncé.” A curiosity about the subtle systems guiding contemporary life pervades Kisner's work. Her celebrated essay “Thin Places” (Best American Essays 2016), about an experimental neurosurgery developed to treat severe obsessive-compulsive disorder, asks how putting the neural touchpoint of the soul on a pacemaker may collide science and psychology with philosophical questions about illness, the limits of the self, and spiritual transformation. How should she understand the appearance of her own obsessive compulsive disorder at the very age she lost her faith? Intellectually curious and emotionally engaging, the essays in Thin Places manage to be both intimate and expansive, illuminating an unusual facet of American life, as well as how it reverberates with the author's past and present preoccupations.

Girl, Woman, Other

A Novel (Booker Prize Winner) *Grove Press*

NATIONAL BESTSELLER WINNER OF THE BOOKER PRIZE “A must-read about modern Britain and womanhood . . . An impressive, fierce novel about the lives of black British families, their struggles, pains, laughter, longings and loves . . . Her style is passionate, razor-sharp, brimming with energy and humor. There is never a single moment of dullness in this book and the pace does not allow you to turn away from its momentum.” —Booker Prize Judges Bernardine Evaristo is the winner of the 2019 Booker Prize and the first black woman to receive this highest literary honor in the English language. Girl, Woman, Other is a magnificent portrayal of the intersections of identity and a moving and hopeful story of an interconnected group of Black British women that paints a vivid portrait of the state of contemporary Britain and looks back to the legacy of Britain's colonial history in Africa and the Caribbean. The twelve central characters of this multi-voiced novel lead vastly different lives: Amma is a newly acclaimed playwright whose work often explores her Black lesbian identity; her old friend Shirley is a teacher, jaded after decades of work in London's funding-deprived schools; Carole, one of Shirley's former students, is a successful investment banker; Carole's mother Bummi works as a cleaner and worries about her daughter's lack of rootedness despite her obvious achievements. From a nonbinary social media influencer to a 93-year-old woman living on a farm in Northern England, these unforgettable characters also intersect in shared aspects of their identities, from age to race to sexuality to class. Sparklingly witty and filled with emotion, centering voices we often see othered, and written in an innovative fast-moving form that borrows technique from poetry, Girl, Woman, Other is a polyphonic and richly textured social novel that shows a side of Britain we rarely see, one that reminds us of all that connects us to our neighbors, even in times when we are encouraged to be split apart.

The In-Between Place

Where Jesus Changes Your Story *Thomas Nelson*

Jesus’ journey to the woman at the well in Samaria offers insights and hope for women today to make peace with the past, find hope in the present, and step into the future. God wants us to move toward the goodness He has planned for us. But what do we do when challenges stop our forward momentum? What’s the next step when we fall into a pit of despair with the determination knocked right out of us? On his way from Judea to Galilee, Jesus traveled through Samaria, a broken place everyone knew to avoid. In Samaria he stopped in Shechem, where evil had gained such a foothold of power that it eventually reigned. Yet the place once condemned as somewhere no one wanted to visit—let alone hang out in for a while—was the location of one Samaritan woman’s most hope-filled encounter with the Savior. The In-Between Place offers deeply important insights to anyone who feels stuck and can’t see a way forward. It is for the person who feels that if she looks left, her face will be scraped by an immovable boulder, and if she looks right, she’ll see nothing but hard to handle. It’s for the person who feels lost and is not sure she is worth the effort to be found, for the person who feels overlooked and unfulfilled. Because sometimes Jesus saves our greatest spiritual breakthroughs for our in-between places.

The Go-Between

A Portrait of Growing Up Between Different Worlds *Canongate Books*

A coming-of-age story set in Birmingham in the 1980s and 1990s, The Go-Between opens a window into a closed migrant community living in a red-light district on the wrong side of the tracks. The adult world is seen through Osman's eyes as a child: his own devout Pashtun patriarchal community, with its divide between the world of men and women, living cheek-by-jowl with parallel migrant communities. The orthodox attend a mosque down the road from the prostitutes and pimps. Children balance Western school teachings with cultural traditions. Alternative masculinities compete with strict gender roles, and female erasure and honour-based violence are committed, even as empowering female friendships prevail. The stories Osman tells, some fantastical and humorous, others melancholy and even harrowing, take us from the Birmingham of Osman's childhood to the banks of the river Kabul and the river Indus, and, eventually, to the London of his teenage years. Osman weaves in and out of these worlds, struggling with the dual burdens of racism and community expectations, as he is forced to realise it is no longer possible to exist in the spaces in between.
