Reflection through Journal Writing in a Conceptual Physics Course Wenli Guo City University of New York/Queensborough Community College, 222-05 56th Avenue, Bayside, NY 11364 ABSTRACT Conceptual Physics course is a general education introductory physics course focusing on concepts with minimum math requirements for non-science majors.

Take Ownership of Learning Outside Classroom

Good conceptual understanding of physics is based on understanding what the key concepts are and how they are related. This kind of understanding is especially important for physics teachers in planning how and in what order to introduce concepts in teaching; connections which tie concepts to each other give direction of progress--there is "flux of information" so that what was learned before ...
