Ideally, you should have a sum of money that you allocate to your betting and keep separate from all your other money. You should then have some rules in place about how much and how often you can add to your bankroll if required, and how often you will take a percentage of your profits out of your

bankroll.

Horse Racing Betting Advice - Finding Value & Money Management

Winning in wealth management 1. The financial crisis has provoked a major turning point for the financial services industry, changing the very basis of competition from growth to profitability. At the same time, the industry has had to withstand significant regulatory change and political pressure. Wealth managers now must deal with a short-to mid-term profitability trap, which seriously challenges the entire industry.
