### The Writer's Style

#### A Rhetorical Field Guide *University Press of Colorado*

Designed to help all writers learn to use style as a rhetorical tool, taking into account audience, purpose, context, and occasion, The Writer's Style is not only a style guide for a new generation but a new generation of style guide. The book helps writers learn new strategies inductively, by looking at firsthand examples of how they operate rhetorically, as well as deductively, through careful explanations in the text. The work focuses on invention, allowing writers to develop their own style as they analyze writing from varied genres. In a departure from the deficiency model associated with other commonly used style guides, author Paul Butler encourages writers to see style as a malleable device to use for their own purposes rather than a domain of rules or privilege. He encourages writing instructors to present style as a practical, accessible, and rhetorical tool, working with models that connect to a broad range of writing situations—including traditional texts like essays, newspaper articles, and creative nonfiction as well as digital texts in the form of tweets, Facebook postings, texts, email, visual rhetoric, YouTube videos, and others. Though designed for use in first-year composition courses

in which students are learning to write for various audiences, purposes, and contexts, The Writer's Style is a richly layered work that will serve anyone considering how style applies to their professional, personal, creative, or academic writing.

#### My Path to a Meaningful Life *Penguin*

The instant New York Times bestseller Supermodel and philanthropist Gisele Bündchen shares personal stories, insights, and photos to explore lessons that have helped shape her life. Gisele Bündchen's journey began in southern Brazil, growing up with five sisters, playing volleyball, and rescuing the dogs and cats around her hometown. In fact, she wanted to become either a professional volley player or a veterinarian. But at the age of 14, fate suddenly intervened in the form of a modeling scout, who spotted her in São Paulo. Four years later, Gisele's appearance in Alexander McQueen's memorably rain-soaked London runway show in the spring 1998 launched her spectacular career as a fashion model, and put an end to the "heroin chic" era of fashion. Since then, Gisele has appeared in almost 400 ad campaigns and on over 1200 magazine covers. She has walked in more than 470 fashion shows for the most influential brands in the world. Gisele has become an icon, leaving a lasting mark on the fashion industry. But until now, few people have gotten to know the real Gisele, a woman whose private life stands in dramatic contrast to her public image. In Lessons, she reveals for the first time who she really is and what she's learned over the past 37 years to help her live a meaningful life--a journey that takes readers from a childhood spent barefoot in small-town Brazil, to an internationally successful career, motherhood and marriage to quarterback Tom Brady. A work of great openness and vulnerability, Lessons reveals the inner life of a very public woman.

#### **Making It Happen**

#### **Lessons from the Frontline of Strategy Execution** *Bloomsbury Publishing*

In *Making It Happen*, Rebecca Stephens argues that the successful implementation of strategy often comes down to one individual – an individual with a clear, unswerving commitment to the cause, coupled with excellent leadership and communication skills. We all have the power within us to create change and get things done, even against the odds. With a variety of case studies and an eclectic selection of interviewees, this book champions diversity of thought – and the importance in gleaning practical and actionable insights from a broad array of perspectives and experiences. And making things happen is more important now than ever. Virtually every organization, institution and business is in desperate need of a practical and actionable strategy to find their way through these difficult times with minimal disruption. According to the Project Management Institute, 37% of projects fail due to the lack of defined project objectives and milestones. Yet there are rare exceptions to this widespread failure to effectively strategize. This book tells the stories of individuals whose extraordinary efforts and persistence have resulted in successful strategy execution. Interestingly, most have affected change not just to the benefit of themselves or their organization, but to broader society too. And most work in organizations that are typically steeped in tradition and resistant to change: the civil service, the UN, the medical industry, education, financial services, and long-established multi-national corporations. But somehow, these individuals have cut through. In *Making It Happen*, Rebecca interviews these individuals and uncovers the secrets behind their success, while also drawing upon her own eclectic experiences in implementing strategy – from both her corporate and journalism career and her time as a revered mountaineer. She discovers that it's a sense of purpose, conviction and optimism, through an uncommon commitment and the ability to influence and persuade that makes leads to the successful implementation and execution of strategy.
