Feminism and Gender Studies in International Relations Theory

Feminism is a broad term given to works of those scholars who have sought to bring gender concerns into the academic study of international politics and who have used feminist theory and sometimes queer theory to better

understand global politics and international relations. In terms of international relations theory, a feminist approach is grouped in the broad category of theoretical approaches known as reflectivism, representing a divergence from approaches adhering to a rationalist outlook ba

Feminism (international relations) - Wikipedia

Enloe's ground-breaking 1989 book is rightly credited for starting an intellectual and political feminist trail exposing how deeply the international political system was indebted to the work of women and the working of masculinity and femininity. 3 This work was not 'simply' about women, it was about demonstrating that by focusing on

women and gender, it could be much more clearly illustrated the extent to which power goes into the constitution of international politics than ...

Feminist Approaches to International Relations Theory in ...

Rather than affirm how feminist politics is carried out from various feminist positions and nonpositions, Feminist Theory and International Relations in a Postmodern Era ultimately reinscribes an arbitrary boundary between what is political and what is apolitical by (to use Sylvester's term) evacuating postmodernism ontology, epistemology, and politics out of postmodern feminism.

Feminist Theory and International Relations in a Post ...

This book argues that the identities and activities commonly associated with women have been eliminated from the theories formulated about international relations. The author points out that these theories often rely on the hidden activities of women and their assigned tasks in life to establish a sphere of politics that is for men only. Using case studies of the Greenham Common Women's Peace ...
