From Strategy To Business Models

We present a conceptual framework to separate and relate the concepts of strategy and business model: a business model, we argue, is a reflection of the firm's realized strategy. We find that in simple competitive situations there is a one-to-one mapping between strategy and business model, which makes it difficult to separate the two notions.

From Strategy to Business Models and onto Tactics ...

A strategy is a contingent plan of action as to what business model to use. The

firm's available actions for strategy are choices (of policies, assets or governance structures) that constitute the raw material of business models.
