Buy Direct and Inverse Problems: Potentials in Quantum ...

We consider extremal problems for the energy of the logarithmic potential with external fields closely related with the inverse spectral problem method. The method is based on the relations between the external field and the supports of the equilibrium measures which were discovered in the pioneering papers of Rakhmanov, Saff, Mhaskar and Buyarov (RSMB-method).

Direct and inverse problems for vector logarithmic ...

The inverse problem consists in estimating the spatial distribution of electrical current sources from the measured self-potential signals. Source localization has been initially done with cross-correlation algorithms (e.g., Patella, 1997) or using the polarization of simple geometrical objects of various shapes (e.g., Abdelrahman et al., 1997).
