How The U S Government

How the U.S. Government Is Organized The Constitution of the United States divides the federal government into three branches to make sure no individual or group will have too much power: Legislative—Makes laws (Congress, comprised of the House of Representatives and Senate)

Branches of the U.S. Government | USAGov

The U.S. Constitution establishes a government based on "federalism." This is the sharing of power between the national and state (as well as local) governments. This power-sharing form of government is the opposite of "centralized" governments, under which a national government maintains total power.

The Basic Structure of the U.S. Federal Government

The President of the United States is the elected leader of the country. As the head of state, the president is the leader of the federal government, and Commander in Chief of the United States Armed Forces. Elected according to the Electoral College process, the president serves a four-year term and is limited to serving no more than two terms.

Introduction to the Structure of U.S. Government

The United States government is best categorized as a constitutional federal republic. This means that the United States is governed primarily by elected representatives and an elected leader, and that power is balanced between the federal government and the governments of the states. If a government is constitutional, that means that it relies on a constitution that describes the distribution of political power within that government.

Official Guide to Government Information and Services | USAGov

The government of the United States is based on a written constitution. At 4,400 words, it is the shortest national constitution in the world. On June 21, 1788, New Hampshire ratified the Constitution giving it the necessary 9 out of 13 votes needed for the Constitution to pass. It officially went into effect on March 4, 1789.

Overview of United States Government

The federal government of the United States is the national government of the United States, a federal republic in North America, composed of 50 states, a federal district, five major self-governing territories and several island possessions. The federal government is composed of three distinct branches: legislative, executive, and judicial, whose powers are vested by the U.S. Constitution in the Congress, the president and the federal courts, respectively. The powers and duties of these branche
