OCIMF - Witherby Publishing Group

The new OCIMF Mooring Equipment Guidelines is now released in its fourth edition, and it is clarifying many of the confusions about mooring that were established in the industry. With new certificate templates and test methods, a uniform way of working with mooring ropes has been established across the industry.

Navigating Through New Mooring Guidelines

MEG4 has a dedicated appendix explaining the testing and documentation steps necessary for manufacturers to demonstrate they have followed the OCIMF guidelines. When all necessary steps have been completed, the manufacturer enters the information into a Line/Tail Base Design Compliance Certificate which is then reviewed and endorsed by an "Independent Inspector" (typically from a classification society).
