1. Evaluation doesn't have to be expensive or time-consuming, however, you do need to commit a realistic amount of time to evaluation. The amount of time you put in when planning your evaluation will have a direct bearing on the quality of your results. A quickly and poorly written questionnaire, for example, is likely to yield poor data.

Art criticism, the analysis and evaluation of works of art. More subtly, art criticism is often tied to theory; it is interpretive, involving the effort to understand a particular work of art from a theoretical perspective and to establish its significance in the history of art. Many cultures have strong traditions of art evaluation. For example, African cultures have evaluative traditions—often verbal—of esteeming a work of art for its beauty, order, and form or for its utilitarian ...
