Urban Environmental Issues: Land

Land-use planning has traditionally focused on design, physical measures and narrowly defined environmental effects. But the decisions that planners make have an economic impact too — on the supply and affordability of houses and offices, for instance, and on the productivity of economic users of space, such as supermarkets.

Recognising the true economic effects of land-use planning

Land transfer Another problem associated with land valuation arises when land transfer between farmers is necessary or when the land reform beneficiaries return their land to the ALRO, after they have become owners of the land. The price of the land should not and cannot remain at the level which it was purchased.
