Unwrapping Jade Wishing Well Texas

Unwrapping Jade is a second-chance small-town romance, which means it combines two of my favorite tropes/genres within the larger romance genre. It's the story of Jade and Hayden, who used to date back when they were in high school...and broke up when Hayden left to join the army.

Another great book in the Wishing Well Texas series by Melanie Shawn. Melanie pulls you into her characters to where you are feeling what they feel. You want their lives to work out so that they will be happy with the love of their life. Jade and Hayden's love story is no exception. Jade's dialogue was witty at times. A book to enjoy.
