Guide To Play Two Scala

The two scales we've looked at so far are what we call diatonic scales. This means that they are in 'a key' and the first note of the scale is the tonic. Diatonic scales are also heptonic (which means they have seven notes) with two intervals of a semitone (half step) and five intervals that are tones (whole steps).

If you're playing the piano, the easiest way to discover the pentatonic scale is just to play the black notes. But that doesn't help guitar players (or any other instrument). And it doesn't help piano players find this in another key. The next best way is simply to identify a major scale and then remove the 4th and 7th note in the scale.
