COMPETENCY ASSESSMENT Competency Assessment is the means to confirm that training is effective and that personnel are capable of following established procedures to accurately perform laboratory testing that produces quality results. The laboratory director must establish written policies and procedures to monitor the competency of

Personnel Training & Competency Assessment

The CAP provides a competency assessment template for accredited laboratories to assist in documenting testing personnel competency assessments, a version of which can be customized to

fit a specific lab's needs. 5 Laboratories also may choose to only keep the completed template in the employee folder and documented evidence supporting the competency in separate location. This is acceptable as long as the supporting documentation can easily be provided if requested by an inspector.
