Childhood Wellbeing: A brief overview

One of the most concerning trends is the decline in children's happiness with friends. There are an estimated 132,000 children aged 10-15 in this country have no close friends. Friendships and unhappiness are often

linked with social media, but it is more complicated than this. Evidence of social media being a contributing factor is mixed.

The Good Childhood Report | The Children's Society

»Overall, the story of the first decade of the 2000s is one of widespread improvement in most, but not all, indicators of children's well-being. The 'low family affluence' rate, the infant mortality rate, and the percentage of young people who smoke cigarettes, for example, have fallen in every single country for which data are available.

Child well-being in rich countries - unicef-irc.org

By this, they mean that children may not be having their basic needs met. Well-being shows clear correlations to the emotional aspect of a child's development, which plays a significant role within the build-up of the EYFS to nurture children's individual well-being. Kelly (2018) recognised that emotional well-being will play a fundamental role in the relationships that children make and the way that children communicate with others around them.

Well-being for Children in the EYFS - CACHE

The key domains of young children's well-being reviewed are: physical well-being mental health, emotional and social

well-being cognitive and language development and school performance beliefs. The key contexts of young children's well-being reviewed are: • family economic status and resources • caregiving and the home environment

Young children's well-being - National Children's Bureau

In the current U.S. indicators system, measures of child well-being focus primarily on negative outcomes and problems. We measure and track those behaviors that adults wish to prevent. For the most part, the indicators system does not monitor positive development and outcomes.

Indicators of Child

Well-Being: the Promise for Positive ...

Compendium of Indicators for Child Well-being, you will find a broad set of indicators for measuring each of the child wellbeing outcomes, which - can be chosen according to what is in line with the national office strategy, relevant to the programme/project objectives and appropriate for the local context.

Compendium of Indicators for Measuring Child Well-being

The eight wellbeing indicators are areas in which children and young people need to progress in order to do well now and in the

future. Active Having opportunities to take part in activities, such as play, recreation and sport, which contribute to healthy growth and development at home and in the community.
