Now a father himself, Rob decided that he would help people out by providing how-to tips as well as advice—and even throw in some bad dad jokes. How Do I Tax Thee?

A Field Guide to the Great American Rip-Off *All Points Books*

Libertarian journalist Kristin Tate provides a look into the wild world of frivolous taxation, aimed at educating members of her own generation in the evils of big government. In *How Do I Tax Thee?*, libertarian commentator and rising media star Kristin Tate takes us on a tour of the ways the government bleeds us dry in innumerable daily transactions and at various stages of life. We all know the government taxes our pay: federal, state, and local taxes are withheld by employers, as are social security payments. But what about the many other ways the government drains money from our wallets? Have you studied your cell phone bill? Customers in New York State pay an average of 24.36% in federal, state and local taxes on their wireless bills. They're also charged for obscure services they didn't ask for and don't understand like a universal service fund fee, an FCC compliance fee, a line service fee, and an emergency services fee. These aren't taxes, strictly speaking. The government imposes these administrative and regulatory costs, and your wireless provider passes them along to you. But the effect is exactly the same. What about your cable bill? Your power bill? Your water bill? The cost of a gallon of gas, a cab ride, a hotel stay and a movie ticket are all inflated by hidden fees. How much of what you pay at the pump, the box office, or the airport is really an indirect tax? In a series of short, pointed, fact-laden, humorous chapters, Tate exposes the vast government shakedown that consumes up to half of your income—and also explains where these hidden fees and taxes come from.

How Do I Un-Remember This?

Unfortunately True Stories *Sourcebooks, Inc.*

Instant New York Times Bestseller From the host of *Everything Iconic* with Danny Pellegrino comes a collection of stories you'll be glad didn't happen to you. Think of the most embarrassing thing that's ever happened to you. Was it the time your high school cheer squad taunted you in front of the entire town? Was it the time your best friend's mom caught you streaking in all your naked, self-conscious glory? What about the time you accidentally threw a tooth at your dry cleaner or took an urn into Kohl's for some holiday shopping? For Danny Pellegrino, the answer is all of the above. Growing up as a closeted gay kid in small-town Ohio wasn't easy, and Danny has the stories to prove it. But coming of age in the 90s still meant something magical to Danny. The music, film, and celebrity moments of his youth were truly iconic, and his love for all things pop culture connected him to a world larger than the one he knew in the suburban Midwest. And through all the pains of growing up, Danny could always look

to that world for hope—whether that meant bingeing *The Nanny* until he had the confidence of Fran Fine, belting out Brandy songs until his heartaches were healed, or watching semi-clothed Ryan Phillippe scenes until his cheeks burned from blushing. With refreshing honesty and jaw-dropping absurdity, Danny invites readers to experience his most formative moments in life—from his hometown in Ohio to his hit podcast and career in entertainment today. *How Do I Un-Remember This?* is an unfiltered and all-too-relatable glimpse into Danny's life and the heartfelt and hilarious moments that shaped it. Although he wouldn't change them for the world, these stories are—unfortunately—true.

Representing Australian Aboriginal Music and Dance 1930-1970 *Bloomsbury Publishing USA*

Shortlisted for the 2021 Prime Minister's Literary Award for Australian History. *Representing Australian Aboriginal Music and Dance 1930-1970* offers a rethinking of recent Australian music history. Amanda Harris presents accounts of Aboriginal music and dance by Aboriginal performers on public stages. Harris also historicizes the practices of non-Indigenous art music composers evoking Aboriginal music in their works, placing this in the context of emerging cultural institutions and policy frameworks.

Centralizing auditory worlds and audio-visual evidence, Harris shows the direct relationship between the limits on Aboriginal people's mobility and non-Indigenous representations of Aboriginal culture. This book seeks to listen to Aboriginal accounts of disruption and continuation of Aboriginal cultural practices and features contributions from Aboriginal scholars Shannon Foster, Tiriki Onus and Nardi Simpson as personal interpretations of their family and community histories. Contextualizing recent music and dance practices in broader histories of policy, settler colonial structures, and postcolonizing efforts, the book offers a new lens on the development of Australian musical cultures.

How to Do Nothing

Resisting the Attention Economy *Melville House*

**** A New York Times Bestseller ** NAMED ONE OF THE BEST BOOKS OF THE YEAR BY:** Time • The New Yorker • NPR • GQ • Elle • Vulture • Fortune • Boing Boing • The Irish Times • The New York Public Library • The Brooklyn Public Library "A complex, smart and ambitious book that at first reads like a self-help manual, then blossoms into a wide-ranging political manifesto."—Jonah Engel Bromwich, The New York Times Book Review One of President Barack Obama's "Favorite Books of 2019" Porchlight's Personal Development & Human Behavior Book of the Year In a world where addictive technology is designed to buy and sell our attention, and our value is determined by our 24/7 data productivity, it can seem impossible to escape. But in this inspiring field guide to dropping out of the attention economy, artist and critic Jenny Odell shows us how we can still win back our lives. Odell sees our attention as the most precious—and overdrawn—resource we have. And we must actively and continuously choose how we use it. We might not spend it on things that capitalism has deemed important ... but once we can start paying a new kind of attention, she writes, we can undertake bolder forms of political action, reimagine humankind's role in the environment, and arrive at more meaningful understandings of happiness and progress. Far from the simple anti-technology screed, or the back-to-nature meditation we read so often, *How to do Nothing* is an action plan for thinking outside of capitalist narratives of efficiency and techno-determinism. Provocative, timely, and utterly persuasive, this book will change how you see your place in our world.

When I Am Playing with My Cat, How Do I Know That She Is Not Playing with Me?

Montaigne and Being in Touch with Life *Vintage*

"When I dance, I dance; when I sleep, I sleep. And when I am walking alone in a beautiful orchard, if my thoughts are sometimes preoccupied elsewhere, the rest of the time I bring them back to the walk, to the orchard, to the sweetness of this solitude, and to me." —Montaigne In the year 1570, at the age of thirty-seven, Michel de Montaigne gave up his job as a magistrate and retired to his château to brood on his own private grief—the deaths of his best friend, his father, his brother, and his firstborn child. On the ceiling of his library he inscribed a phrase from the Roman poet and philosopher Lucretius: "There is no new pleasure to be gained by living longer." But finding his mind agitated rather than settled by this idleness, Montaigne began to write, giving birth to the *Essays*—short prose explorations of an amazingly wide range of subjects. And gradually, over the course of his writing, Montaigne rejected his stoical pessimism and turned from a philosophy of death to a philosophy of life. He erased Lucretius's melancholy fatalism and began to embrace the exuberant vitality of living, finding an antidote to death in the most unlikely places—the touch of a hand, the smell of his

doublet, the playfulness of his cat, and the flavor of his wine. Saul Frampton offers a celebration of perhaps the most enjoyable and yet profound of all Renaissance writers, whose essays went on to have a huge impact on figures as diverse as Shakespeare, Emerson, and Orson Welles, and whose thoughts, even today, offer a guide and unprecedented insight into the simple matter of being alive.

How Do I Teach Reading *John Wiley & Sons*

How Could You Do That?!

Abdication of Character, Courage, Consci *Harper Collins*

How Could You Do That?! illustrates Dr. Laura Schlessinger's philosophy of personal responsibility through her usually provocative but always stimulating moral dialogues with callers about everyday ethical dilemmas. In her lively pull-no-punches style, Dr. Laura takes on the moral dilemmas of our time: from the mindless pursuit of pleasure and immediate gratification, to taking the easy way out when those actions produce uncomfortable life-altering consequences. She demonstrates in no uncertain terms that personal values are never someone else's responsibility but your own, and why choosing not to honor them compounds unhappiness. Dr. Laura delivers not only a compelling argument for an ethical approach to life but also an invaluable inspiration to rebuilding character, conscience, and courage. Here is a work that can make a genuine difference in the quality of your own life and the lives of those we love.

Just How Do Affirmations Work? *Wheatmark, Inc.*

So you've read "The Secret," but your life is pretty much the same. Your thoughts on abundance didn't improve that crummy job; in fact, the amount of tedious work you had to do increased. You thank your coffee every morning, and now you drink more of it rather than need it less. Years after reading Deepak Chopra's "The Seven Spiritual Laws," you can't remember anything about the laws of intent -- only that it's important to bring a flower to the host when attending a dinner party. You tried meditating, but mostly just fell asleep. Oh, and yes, all you learned from Louise Hay's "You Can Heal Your Life" was that your sinus headaches are caused by your irritation with all those crazy people close to you. Humph. Are you ready to "really" understand how those spiritual laws work? Then let's take it to the next level. About the Author May Sinclair earned her doctorate in the philosophy of metaphysics soon after her fiftieth birthday. An award-winning and internationally acclaimed author, she writes extensively about ancient disciplines connected with symbolism and teaches private workshops on dream interpretation and analysis from a

Jungian perspective. She also writes under her nom de plume, Mason Clare. All her work draws upon her knowledge of ancient and modern philosophical teachings, fostering a merging of our physical, mental, and spiritual selves.

How Do Madhyamikas Think?

And Other Essays on the Buddhist Philosophy of the Middle *Simon and Schuster*

A respected professor of Buddhist philosophy brings readers on a fascinating journey through Buddhism's most animating ideas. Tom Tillemans, who has studied Buddhist philosophy since the 1970s, excels in bringing analytic and continental philosophy into conversation with thinkers in the Sanskrit and Tibetan traditions. This volume collects his writings on the most rarefied of Buddhist philosophical traditions, the Madhyamaka, and its radical insights into the nature of reality. Tillemans' approach ranges from retelling the history of ideas, to considering implications of those ideas for practice, to formal appraisal of their proofs. The 12 essays (four of which are being published for the first time) are products of rich and sophisticated debates and dialogues with colleagues in the field.
