The Design Of Future Educational

The Design of Future Educational Interfaces provides a new multidisciplinary synthesis of educational interface research. It explains how computer interfaces can be redesigned to better support our ability to produce ideas, think, and solve problems successfully in national priority areas such as science and mathematics.

The Design of Future Educational Interfaces - 1st Edition ...

Education design of the future must have the needs of the student at its heart. In the campus of the future, the environment adapts to how students

want to learn, libraries are the most popular social learning hubs on campus, and grassy lawns host impromptu study sessions.

The future of education design | ArchitectureAU

The result was a paper called "Changing Design Education for the 21st Century," where we suggested that Design can use the procedures that allowed other fields (e.g., medicine, law, and management) to restructure their education with special attention to the framework for a family of curricula devised by Computer Science.
